Greetings FGBCI Pastors, Moderators, District Presidents, Staff, and Members

Let us first start off by saying we are truly thankful that our team has been given this opportunity to share our mission of truly changing history in the way that our churches, pastors, and church families have been miss-educated in the crucial area of insurances and wealth accumulation.

Our primary goal is to ensure each and every pastor, moderator, district president, staff, and church member of the FGBCI has the opportunity to enroll in the state convention approved FGBCI Health and Benefit Plan. We will be able to accomplish this goal by enlisting the assistance of each FGBCI moderator and pastor to share the benefit information with each respective pastor and moderator churches of the association. We are in the process of scheduling our team to attend and present the FGBCI health and benefit plan at each association's annual congress meetings, board meetings, or even specially scheduled meetings in order to assist us in completing the initial enrollment of the pastors and staff. In order to share the benefit plan with everyone in a timely and efficient manner we have the processes in place i.e. live webinars, conference calls, and live presentations.

Because of the tremendous benefits this plan offers, we do not want anyone to miss the window of opportunity to enroll and that is where your gifts and talents can be utilized the most along with the various pastors, moderators, and FGBCI regional presidents. Our first step is to get maximum exposure to the pastoral body of FGBCI and the enrollment in their plan. Our second step is to be in position in order to facilitate exposing each member of each FGBCI church body to the opportunity of the total educational platform we present as a company in the areas of insurance, legacy building, and true retirement. God has given us this revolutionary opportunity and it is our responsibility to do whatever it takes in order to insure that the FGBCI health and benefit plan is successful.

The FGBCI health plan is a high quality, high value, low cost alternative plan that is simple to understand. Highlights of the plan are: **Guaranteed Issue, No Pre-Existing Conditions Excluded, Unlimited Lifetime Benefits, and No Coinsurance. So let's get enrolled today!!!**

Thank You and God Bless,

Marquis C. Jones
